

CLASSIC UNINSULATED GARAGE DOORS

Uninsulated Sectional Garage Doors, proudly designed and manufactured in New Zealand

OXFORD

The Oxford offers the desirable minimalistic look that really complements today's modern homes. Available in a range of standard pre-paint finishes or can be powder-coated in a variety of colours to suit most applications.

TUSCANY

Our Tuscany panel provides clean linear lines designed to suit both traditional and contemporary homes, so often prevalent in urban areas. Choose from our standard pre-paint colour range or from a comprehensive powder coat colour collection.

STRATFORD

Timeless and elegant for ever and a day, the Stratford has that clean uncluttered look of wide weatherboard. A truly universal door that will complement most styles of home, most particularly suited to colonial and modern contemporary architecture.

Good looks, great value

Steel sectional garage doors are one of the most popular garage door types because of their clean good looks, mechanical simplicity, and the safeness of their operation.

Conqueror Classic Series Doors are the best option for the budget conscious buyer who doesn't want to sacrifice quality. Available in a selection of our most popular colours and with three great looks to choose from there's a door to suit every style of home.

Conqueror Classic Series may be at entry level prices but you still get all the street appeal of Conqueror's premium doors, and the assurance of Conqueror's famous build quality.

Supplied with 2 multi-function remotes and Conqueror motor with courtesy light and obstruction safety feature (Actual motor and remotes supplied may differ from those shown)

Colour Palette*

Choose from these standard colours, or from our comprehensive powdercoat colour collection.

IMPORTANT INFORMATION WHEN CHOOSING YOUR GARAGE DOOR COLOUR

The colour swatches shown here are indicative only and are as close as the printing process allows. Before ordering please refer to your Conqueror™ agent's colour chart.

*All colours subject to availability.
